

## RE Learning Pathway

### EYFS

Children understand that some places are special to the members of the community and recognise that people have different beliefs and celebrate special times in different ways.

### Key stage 1

In EYFS and KS1 RE, children begin their journey by understanding the bible and the impact this has on Christians. Using this knowledge, children will make connections between key parts of the bible and their own experiences in the world. Children will begin to understand that Christianity is a way of living across the world and explore key theological concepts. Using AMV, children become secure in their knowledge and understanding of other faiths (Hinduism, Judaism & Islam) and non-religious views (Humanism)

### Key stage 2

In KS2 RE, children will build upon their knowledge of Christianity as a world faith and learn a wider range of biblical texts. Children develop their abilities to critically reflect upon their learning and are encouraged to ask questions about what they have learned. Children understand how biblical texts guide and impact the lives of Christians, while understanding further theological concepts, the world and human experience. Using AMV, children build on their secure knowledge and understanding of other faiths (Hinduism, Judaism & Islam) and non-religious views (Humanism).
